CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under **25 cents** will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on **foreign silver coins** worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

No priced catalogue will be furnished of this sale.

Please Read Sale Terms Before Bidding.

INTRODUCTION.

A decided business revival during the last few months, together with bumper crops throughout the country, are factors which count heavily in continuing the prosperity in this country. This means also that people will have plenty of money to spend. In spite of the pessimistic rantings of political demagogues as to the condition of the farmer, the common people, high railroad freight rates and so on, we can discount such talk as being mainly the words of selfish fakirs and bluffers. This is the most prosperous country in the world, all cranks and bolshevists to the contrary. To suit the selfish and ulterior ends of pacifists, and their communist friends, we don't need a reduction of our armament, nor the abolition of our army, navy and national guard. The government is being run as well as any other government, and few people, who are real Americans, will listen to scandal-monger politicians, mud-slingers, propagandists from foreign countries and other ne-er-do-wells. We don't need any referendum or recall, nor any abridgement of the Constitution of the United States, nor any limitation to the powers of the United States Supreme Court. We need more Americans who are proud of their past history, proud of their flag; Americans who will not listen to the twaddle and pernicious propaganda being circulated widely at present through seditious un-American newspapers, weeklies and magazines, most of whose sentiments originate in Comunistic circles in Moscow.

The signs are present on all sides, coin collectors, that this season, 1924-1925, is going to be one of the biggest in the history of American Coin-Collecting. Prosperity is with us again; stocks are up and in great demand. Boom times are certain to follow.

In the Edward H. Eckfeldt, Jr. Collection we offer something for everybody. We offer you one of the finest collections of Colonial and Continental coins ever catalogued, containing over 200 Colonials, and about 25 pieces of Massachusetts Silver. We offer you fine Private Gold Coins, fine Ancient Gold Coins; a remarkable set of Nova Constellatio Coins, Martha Washington Half Disme, Fine U. S. Silver, Patterns, U. S. Cents and Half Cents. A Wonderful Complete Set of U. S. Gold Dollars, with all Mint Marks and Two Varieties of Ring Dollars in gold; fine Eagles, Half and Quarter Eagles, Proof Three Dollars, with dates 1873 and 1877; a wonderful variety of Paper Money, Curios, Gems, Relics, Etc. The Sale is absolute. Mr. Eckfeldt places no restrictions—everything must go. The results are in the hands of collectors. Give us a favorable response. Sales have to

be conducted on a business basis, so kindly read our sale terms before bidding. Be sure you bid on the correct lot. At every sale one or two collectors bid on the wrong lots and charge us with their errors and oversights. The lots are not approval lots, they are to be bid on and knocked down for absolute sale. Don't fail to go carefully over the catalogue. The Eckfeldt material is to be sold on Saturday's, the last session. Here's for Success to All for 1924-25.

Of this noted coin we are informed that it was struck from the private silver plate of President Washington. Washington, in his 4th annual address states that in execution of the authority given by the legislature, there has been a small beginning in the coinage of half dismes, the want of small coins in circulation calling the first attention to them. They were issued before the mint was completely organized. It is stated about metal of the value of about one hundred dollars was coined into half dismes. Uncirculated. Very rare gem. Finest known example.
